

DAVID Y. IGE GOVERNOR

May 5, 2015

HONOLULU

The Honorable Ronald D. Kouchi,
President
and Members of the Senate
Twenty-Eighth State Legislature
State Capitol, Room 409
Honolulu, Hawaiii 96813

The Honorable Joseph M. Souki, Speaker and Members of the House of Representatives Twenty-Eighth State Legislature State Capitol, Room 431 Honolulu, Hawai'i 96813

Dear President Kouchi, Speaker Souki, and Members of the Legislature:

This is to inform you that on May 5, 2015, the following bill was signed into law:

SB434 SD2 HD1

RELATED TO AGRICULTURE **ACT 031 (15)**

Sincerely,

Governor, State of Hawai'i

SENATOR RONALD D. KOUCHI

EE: Sd S- AVH SI.

RECEIVED MAY 0 5 2015 e 3:51 PM

A BILL FOR AN ACT

RELATED TO AGRICULTURE.

STATE OF HAWAII

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:

1	SECTION 1. The legislature finds that Hawai'i's traditional
2	farming systems, such as loko i'a (fishponds), māla (cultivated
3	gardens), and lo'i (irrigated patches), were important
4	agricultural technologies that once sustained a thriving and
5	robust island community. The legislature further finds that
6	these traditional Hawaiian farming systems still play a critical
7	role in Hawai'i and should be encouraged to promote greater self-
8	sufficiency, crop diversity, and food security. Moreover,
9	traditional Hawaiian crops like kalo, 'uala (sweet potato), limu
10	(various seaweeds), 'awa, hō'i'o (large native fern), and 'olena
11	(turmeric) that were cultivated using these traditional Hawaiian
12	farming techniques continue to be important agricultural
13	products for food, medicine, and cultural practices today.
14	Prioritizing traditional agricultural techniques such as
15	traditional Hawaiian farming is increasingly viewed as good
16	policy. The United Nations Commission on Trade and Development
17	urges nation states to support the development of sustainable

- 1 small-scale farms and traditional farming systems to achieve
- 2 food security, particularly in light of climate change.
- 3 Supporting traditional farming is also consistent with the
- 4 recommendations of the taro security and purity task force's
- 5 2010 legislative report E ola hou ke kalo; ho'i hou ka 'āina
- 6 lē'ia: The taro lives; abundance returns to the land. The
- 7 report emphasizes the need to invest in traditional farming and
- 8 crops to perpetuate culture, and to support disaster
- 9 preparedness and food security in our islands.
- 10 The legislature finds that article XI, section 3, of the
- 11 Constitution of the State of Hawai'i requires the legislature to
- 12 provide standards and criteria to increase Hawai'i's agricultural
- 13 self-sufficiency.
- 14 The purpose of this Act is to update the State's
- 15 agricultural planning statute to add the growth and development
- 16 of traditional Hawaiian farming systems and traditional Hawaiian
- 17 crops, as well as the growth and development of small-scale
- 18 farms, as agricultural objectives of the State.
- 19 SECTION 2. Section 226-7, Hawai'i Revised Statutes, is
- 20 amended by amending subsection (b) to read as follows:

S.B. NO. 5.D. 2 H.D. 1

1	" (b)	To achieve the agriculture objectives, it shall be
2	the policy	of this State to:
3	(1)	Establish a clear direction for Hawaii's agriculture
4		through stakeholder commitment and advocacy.
5	(2)	Encourage agriculture by making the best use of
6		natural resources.
7	(3)	Provide the governor and the legislature with
8		information and options needed for prudent decision-
9		making for the development of agriculture.
10	(4)	Establish strong relationships between the
11		agricultural and visitor industries for mutual
12		marketing benefits.
13	(5)	Foster increased public awareness and understanding of
14		the contributions and benefits of agriculture as a
15		major sector of Hawaii's economy.
16	(6)	Seek the enactment and retention of federal and state
17		legislation that benefits Hawaii's agricultural
18		industries.
19	(7)	Strengthen diversified agriculture by developing an

effective promotion, marketing, and distribution

20

1		system between Hawaii's food producers and consumers
2		in the State, nation, and world.
3	(8)	Support research and development activities that
4		strengthen economic productivity in agriculture,
5		stimulate greater efficiency, and enhance the
6		development of new products and agricultural by-
7		products.
8	(9)	Enhance agricultural growth by providing public
9	·	incentives and encouraging private initiatives.
10	(10)	Assure the availability of agriculturally suitable
11		lands with adequate water to accommodate present and
12		future needs.
13	(11)	Increase the attractiveness and opportunities for an
14		agricultural education and livelihood.
15	(12)	In addition to the State's priority on food, expand
16		Hawaii's agricultural base by promoting growth and
17		development of flowers, tropical fruits and plants,
18		livestock, feed grains, forestry, food crops,
19		aquaculture, and other potential enterprises.
20	(13)	Promote economically competitive activities that
21		increase Hawaii's agricultural self-sufficiency,

1		including the increased purchase and use of hawait-
2		grown food and food products by residents, businesses,
3		and governmental bodies as defined under section
4		103D-104.
5	(14)	Promote and assist in the establishment of sound
6		financial programs for diversified agriculture.
7	(15)	Institute and support programs and activities to
8		assist the entry of displaced agricultural workers
9		into alternative agricultural or other employment.
10	(16)	Facilitate the transition of agricultural lands in
11		economically nonfeasible agricultural production to
12		economically viable agricultural uses.
13	(17)	Perpetuate, promote, and increase use of traditional
14		Hawaiian farming systems, such as the use of loko i'a,
15		māla, and irrigated lo'i, and growth of traditional
16		Hawaiian crops, such as kalo, 'uala, and 'ulu.
17	(18)	Increase and develop small-scale farms."
18	SECT	ION 3. New statutory material is underscored.
19	SECT	ION 4. This Act shall take effect upon its approval.

APPROVED this 5 day of MAY , 2015

GOVERNOR OF THE STATE OF HAWAII
